Call to Order

Chair Singhal called the meeting to order at 7:05. Members Present: Mike Snow, Carl Wilson, Tom Neir, Lisa McConnell. Kirkland Staff Present: David Godfrey, Public Works Department;

Public Comment

None.

Transportation Master Plan

The Commission continued a review of a draft of projects that could be funded over the next 20 years. The Commission suggested that any additional funding should be spend toward advancing the CKC design in areas that make connections. Cuts in funding might come first from sidewalks that connect 10 minute neighborhoods.

The Commission then continued a review of the Goals and Policies that was started at the July meeting. The Commission suggested numerous changes beginning at Policy 6. These changes were recorded by staff and will be incorporated into the document before it is reviewed by Council.

Meeting adjourned unanimously approved to adjourn 9:00 p.m.
